

RE: We've launch our new local online marketplace!

Attention friends, family, and business owners:

We have launched a local online marketplace, allowing you to sell items for a reasonable commission rate, which YOU choose. A win-win.

Sell, Buy, Advertise, and Support Local

Nearly **70 cents** for every dollar stays within the community when spent locally, which helps our organization and local businesses to thrive.

Instead of selling items directly on social media platforms, please consider selling your items on our local marketplace and simply share your item link on social media.

HOW YOU CAN HELP

1. Register to start selling: [ONLINE STORE + MARKETPLACE WEBSITE]

Upon registration, sellers can login to their dashboard where they manage all aspects of items or products for sale in our marketplace, and choose your commission rate!

2. Advertise

The top sliding banner on our marketplace is available for **three** advertisers at the cost of: [\$50/month per advertiser].

The carousel below the sliding banner is available for **ten** advertisers at the cost of: [\$25/month per advertiser].

Simply provide us with your image ad and URL to display with the other advertisers.

3. Share

Please share the link to our online marketplace with anyone and everyone! Thank you so much for your consideration and support.

Sincerely,

[ORGANIZATION NAME]
